Our Invitation

The 1957 Iowa Royal

We most cordially invite everyone interested in good livestock to attend the Iowa Royal of 1957.

The 39 herd bull prospects are up to the usual high standard of Iowa Royal Sales. Thirty-two are serviceable aged and ready for service. Seven are coming prospects. There is much new breeding for the buyers of former years.

Their bloodlines are the most popular of the day and they are the kind that will breed deep bodies and natural thickness on their calves which is far cheaper than to feed it on.

The females represent the choicest bloodlines and most approved type always offered at the Iowa Royal. They are and will be great beef cows that will surely contribute their half to the inheritance of superior beef calves.

We would like to have you note the consignors. Study the photos, pedigrees and footnotes in this illustrated catalog to confirm the rich breeding, outstanding records, and individual excellence of this offering. We feel that you can end your search for the best in Shorthorns here.

Spend a day at the Iowa Royal. See, inspect and talk good Shorthorns. Help generate a world of Shorthorn enthusiasm.

We welcome all breeders, ranchers and farmers from Iowa and many other states who have been attending the Iowa Royal in greater numbers each succeeding year.

Plan to attend. We would like to show our hospitality and give you every service we possibly can.

UEHLAMAR COMBINATION—As his name implies, he is a combination of the finest breeding and best beef qualities. Has been good since he was a calf. Stood well up in class at the National Shorthorn show in 1955 and was close to the top as a senior yearling at the 1956 Iowa State Fair. He has continued to improve and looks today as though he would win his class. We have used him considerably and his first calf born January 5th looks very good. If we did not have so many females closely related to him he would not be for sale. Our certified brucellosis free herd number is B4532.

ALBERT 25th—This bull was an outstanding calf which we earmarked for our future herd bull. Now 2 years old he has developed the way we anticipated. He is short coupled, has great spring of rib, stands on short, sturdy legs and has a good head and quarter. He is also an exceptionally easy feeder. His sire was one of the tops in the International sale. Only because we now have 40 cows bred to him and wish to consign a top bull to the Iowa Royal that we are willing to part with him.

We like to see a bull out of an outstanding cow and believe Nonpareil Ka Del 8th is the top female sired by Leveldale Cameo. She is a full sister in blood to the choice calf Carnahans bought from us in '54 for \$750. K A Adjuster 4th gained 117 lbs. during the month of April last year and lacked only 30 pounds of weighing a half ton at 12 months. Wheatland Adjuster 9th was the 1953 Pacific International 1st prize Jr. Yearling bull.

However, we have decided to offer him as an attraction in the Iowa Royal Sale. He is good headed, well balanced, exceptionally short legged, and has a great coat of hair. From one of our top families, this heifer is a full sister in blood to the bull we're selling in the sale. She is thick, smooth, typy and displays great breed character in her head and neck. She carries a long breeding date to the \$2,500 Scotsdale Kinross, our half brother to the recent International Grand Champion, Scotsdale Jupiter.
